Full Stack Web Developer

Profile

Full Stack Developer with a diverse professional background in design, teaching, and customer experience. A graduate of Le Wagon Tokyo's Web Development bootcamp, I now work as a freelance developer, building engaging and user-friendly websites that blend design expertise with full-stack development. Additionally, I am an intern at Sustainability Page, where I contribute and maintain their website with React and TypeScript. With these experiences, I am seeking a Front-End or Full-Stack Developer role at a company where I can use my skills to make an impact.
